

LUXURIOUS VANDERBILT INTERIOR
IN TWO STUNNING COLOR OPTIONS

Stylish, modern furniture designs feature clean and pure lines, comfort, and durability. Only premium, UV-stable, marine-grade vinyls are selected. Double stitched, quilted diamond rattan patterns and Corian accents create an outdoor ambience of invigorating nature. Foam is sculpted ergonomically to provide support and ultimate comfort whether lounging or sitting.

The only decision you have to make is...color.

VANDERBILT CONSTRUCTION
BOLD ENGINEERING. SMART AND SOPHISTICATED DESIGN. EXPERIENCE VANDERBILT.
Our design approach is simple...design a chassis for the most demanding application...a twin engine tritoon used in rough waters. Incorporate the strength of that chassis into the other models. Use only premium materials, make standard the features that customers expect in a luxury pontoon, and employ experienced pontoon craftsmen and women who strive for perfection and are passionate for quality boat building.

ROUGH WATER READY CHASSIS
Reinforced nose cones, heavy duty transom and motor pod(s), performance shields, and lifting strakes

FULLY WELDED
Wrapped C-Channel aft and bow provides superior deck protection

HEAVY C-CHANNEL CROSS MEMBERS
Spaced as close as 8" apart in the aft (never exceeding 16") delivers unparalleled torsional rigidity and strength

700T & 727TX CHASSIS
Extended aft tube improves holeshot performance, enhances ride quality and optimizes deck space (727TX Chassis Shown)

STYLE. PERFORMANCE. EXCELLENCE.

VANDERBILT LUXURY PONTOONS

STYLE. PERFORMANCE. EXCELLENCE.

SPORT BOAT STYLING captures a sense of speed, agility and dynamism from the aggressive rail design, aerodynamic bow lift, and low profile, wrap-around sport windshield.

FIBERGLASS COMMAND CENTER blends aesthetics and functionality with accent lighting, a hands-free phone charger, added storage and a large digital touch screen that displays performance data (GPS speed, RPMs, Volt/Tach, Water/Outside Temp, etc).

WATER SPORTS READY features rough-water tritoon chassis with ski locker, ski tow bar or pylon (model dependent), and extended rear swim deck.

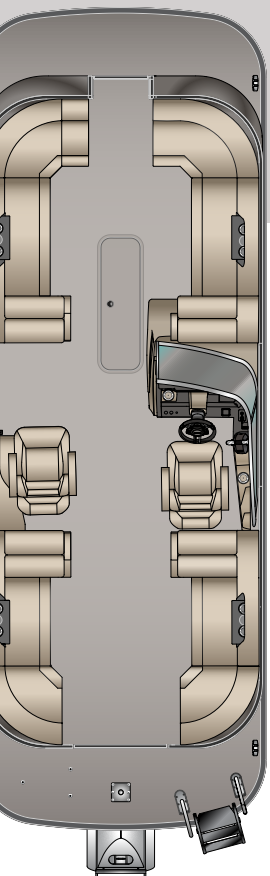

SMART DESIGN FURNITURE delivers comfort, style and durability by featuring built-in cupholders, phone chargers, premium arm rests, flip-up table, in-fence storage and wood-free construction.

MULTI-ZONE RGB LED LIGHTING enhances the cruising ambiance with dynamic settings that can create both vibrant or soft mood-setting atmospheres.

DIGITAL VOLTAGE SENSITIVE RELAY “SMART CHARGING” SYSTEM maintains your batteries' health to ensure that your boat runs at peak performance and you don't get stranded on the water.

MERGING LUXURY AND SOPHISTICATED ELEGANCE WITH POWERFUL COMFORT AND SPORTY PERFORMANCE

Our **NEW 500 SERIES** features the REVO easy-boarding (and pet-friendly) ladder, a removeable ski tow pylon, as well as the luxurious styling and standard features offered in the 700 series, but as a single engine chassis.

Our **700 SERIES** designers were tasked to create a unique living space that combines lounging, entertaining, and water sports in an all-in-one vessel. Vanderbilt Luxury Pontoon's flagship 700 series twin engine boat sets a whole new level of luxurious entertainment expectations in pontooning.

Our patented aft extends past the twin engines to provide more “usable” deck space for water toy storage or sandbar activities, while adding unmatched hoeshot performance and ride quality.

Our 727TX takes our 700T to the next level. It's designed for big water and long-distance cruising. Large 27” diameter pontoon tubes with the rough water nose cone and the 100-gallon tank are up for any adventure.

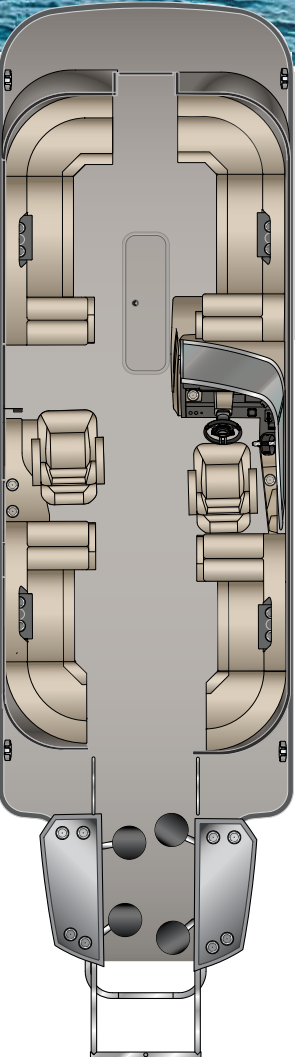

Available with Mercury or Suzuki Outboards
